THE NATIONAL DEMOCRACY OF THE UNITED STATES. THE undersigned takes this method of informing the members of the great national democratic party that, hav assumed the zole proprietorably and editorship of the Wassusonos, de looks to them for that countenance, encouragement, and opport which has hithereto been extended to this time-honored organ the democracy, and without which his labors would indeed be prof

In the hands of every farmer, mechanic, and working man in the country.

The subscription price of the Daily Union is ten dollars per annum. The Tri-Worldy (published semi-weekly during the recess of Congress) is five dollars per annum, and contains all the reading matter which appears in the Daily. The Worldy Union is furnished to subscribers at the low rate of one dollar per annum, and is justly regarded as the cheappeat political paper in the world. It is a large and handsomely-printed sheet, and contains as much reading matter in the course of a twelvementh as would make necker ordinary actare volumes. It will be found to possess the advantages of both a political and a family newspaper. The most important political articles of the daily proceedings of the two houses is prepared exclusively for its columns. It contains besides all important State papers of the year, election returns from every State in the Union, speeches of distinguished democrats in and out of Congress, interesting correspondence, a full summary of foreign and domestic news, and from week to week such information in regard to the agricultural, manufacturing, and commercial interests of the country as will be found, it is believed, of particular value.

from metives which I think will be understood and appreciated by democrels everywhere.

In conclusion, I desire to say a few words to subscribers, and to such as may hereafter become subscribers. There is now owing to such the Union establishment upwards of seventy thousand deliars for back subscriptions. These enormous arrearages are the result of the credit system. With the new volume upon which the Union has entered that system is abundoned, and hereafter the business of the establishment will be conducted on strictly cath principles. No subscriptions for the Daily, Semi-weekly, or Weekly issue will be received unless accompanied with the advance payments.

S. C. Herring & Co.'s Patent Champion Safes.

THE subscribers, grateful for past favors, and finding that a discriminating public were bestowing their patronage to that extent that more warerooms were necessary to exhibit all their stock, have enlarged their depot, by opening an extensive ware and salesroom on Broadway, at No. 251, corner of Murray street, opposite the City Hail. This enlargement of warehouse room, with the recent extensive enlargement of their factory, will enable the subscribers to keep on hand at all times a larger stock of fire and burgiar-proof safes than any other establishment in the world. Particular attention will be had to constructing safes for private families to match with other furniture, for the security of plate and jewelry.

Will keep on hand and make to order all kinds of money chests, vault doors, and bank vaults. Hall's patent powder-proof locks for banks or store doors; Jones's patent permutation bank lock; and Crygler's patent letter lock, without key.

The Fauquier White Sulphur Springs,

OFFERED FOR SALE TO THE PUBLIC IN LOTS. OFFERED FOR SALE TO THE PUBLIC IN LOTS.

THIS property has been held under an act of incorporation since 1838. The chartered property then consisted of 1,18315 acres of land, in Enquier county, including the improvements thereon, and was divided free 2,500 shares, estimated in the charter at 3100 each. The subscriber farming subsequently resculted the property, sold a part thereof, and there now remain fully eleven inundred acres, together with the buildings estaged and greatly improved. The more easily to sell such a property, sale to increase in value, be las haid off the larger portion of the land into about 10,000 building lots, with convenient streets, of 60 feet width, running north and south, east and west, with a view to the formation of a village or city, to be called "Warrenton Springs." These lots nearly surround the reserved sixty five acres, which include the Sulphur Springs and all the contiguous buildings and improvements. These sixty Aveacres, also, are offered for sale, in 2,000 ahares, in connexion with the bota; the whole 12,500 lots and shares being estimated at \$16 sach, and when taken to be partitioned by lot; those getting the 2,001 shares will constitute the corporation under the amended charter of Fobruary 2, 1864, known as the Fauquier White Sulphur Springs Company; and those getting the respective lots will receive their deeds from Mr. Ro. Ifudgin, a senteman of the highest character and business qualifications, to whom, as trustee for the purpose, the criter property has been conveyed.

and which has been doubly communed to possession since that time. The plan of estimating lots and shares in the Springs Company, as of equivalent value in the partition, will save trouble in the division; and after this partition the interests of the lot-holders and Springs tockholders will be in law entirely distinct, while the success of one party must greatly enhance the other. Any one may subscribe for party must greatly enhance the other. Any one may subscribe in this purchase, and his interest will be in pro-

THE LOT is about one hundred and seventy feet by one hundred and sixty feet, being the ground partly occu-pied by the Union newspaper printing office, and partly by the ruins of the late National Theatre. There is no place in the country where a first-class hotel is more imperatively required, nor where such a one would so surely prove profitable. The terms will be made very favorable, and, if needed, facilities will be afforded in the srection of a suitable hotel.
